**DECLARATION OF JOSEPH M. BUTSCHER**

I, Joseph M. Butscher, declare the following:

1. I am an attorney of record in the above-identified application. I am making this Declaration to show facts in support of the Petition Under 37 C.F.R. § 1.47(a) filed concurrently herewith, requesting the Commissioner to accept the enclosed Combined Declaration and Power of Attorney ("Oath").

2. On information and belief, the present application properly names five joint inventors, namely Heidi D. Zhang, Robert F. Lawrence, Gilbert M. Lima, Steven C. Miller, and Anne L. Hall. Inventors Miller and Hall currently work for General Electric Medical Systems. Inventors Zhang, Lawrence and Lima previously worked for General Electric Medical Systems. The subject matter of the present application relates to work that the five joint inventors performed while employed by General Electric Medical Systems. Inventors Zhang, Miller and

Hall have executed the enclosed Oath. Messrs. Lawrence and Lima have refused to execute the enclosed Oath.

3. A patent application concerning the subject invention was prepared and filed on July 9, 2003.

4. A copy of the filed application, along with the Oath and other materials, was sent to Mr. Lawrence on July 10, 2003 via electronic mail (the "July 10 email"). Mr. Lawrence, however, did not respond to the July 10 email.

5. Additionally, a copy of the filed application, along with the Oath and other materials, was sent to Mr. Lima via Express Mail # EL 849000201US on July 10, 2003 (the "July 10 package"). Mr. Lima, however, did not respond to the July 10 package.

6. After receiving no reply from Mr. Lawrence with respect to the July 10 email, the undersigned sent a follow-up email to Mr. Lawrence on August 11, 2003, inquiring as to when he expected to execute the Oath (the "August 11 email"). Mr. Lawrence, however, did not respond to the August 11 email.

7. Similarly, after receiving no reply from Mr. Lima with respect to the July 10 package, the undersigned sent a follow-up letter to Mr. Lima on August 11, 2003, via Express Mail # EL 849001224US, requesting that Mr. Lima return the signed Oath to the undersigned (the "August 11 letter"). Mr. Lima, however, did not respond to the August 11 letter.

8. After receiving no reply from Mr. Lawrence with respect to either the July 10 email or the August 11 email, the undersigned sent another follow-up email to Mr. Lawrence on October 14, 2003, requesting that he sign and date the Oath (the "October 14 email"). The

October 14 email also recited the following: “If we do not hear from you by **November 14, 2003**, we will assume that you refuse to sign the Declaration and Assignment documents.” To date, Mr. Lawrence has not contacted the undersigned with respect to the present patent application, nor has Mr. Lawrence signed and returned the Oath to the undersigned.

9. Similarly, after receiving no reply from Mr. Lima with respect to either the July 10 package or the August 11 letter, the undersigned sent another follow-up letter to Mr. Lima on October 14, 2003, via Express Mail # EL 849002065US, requesting that he sign and date the Oath (the “October 14 letter”). The October 14 letter also recited the following: “If we do not hear from you by **November 14, 2003**, we will assume that you refuse to sign the Declaration and Assignment documents.” To date, Mr. Lima has not contacted the undersigned with respect to the present patent application, nor has Mr. Lima signed and returned the Oath to the undersigned.

10. Thus, on information and belief, Messrs. Lawrence and Lima both refuse to execute the Oath.

11. The three cooperative co-inventors, Inventors Zhang, Miller, and Hall, have executed the Oath on their behalf and on behalf of Mr. Moore. Additionally, the three cooperative inventors have executed an assignment to GE Medical Systems Global Technology Company, LLC of their entire right, title and interest to the subject matter described in the present application.

12. Based on the foregoing understanding of the facts, GE Medical Systems Global Technology Company, LLC is the true and correct assignee of the entire right, title and interest to the subject matter described in the present application.

13. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued therefrom.

Respectfully submitted
